**RECOGNIZING SIMPLE VOWEL SOUNDS:** *Above each word list are two symbols for the same vowel sound: an American Dictionary and an IPA (International Phonetic Alphabet) symbol.*

*In the box, circle all the words with that vowel sound.*

*(A star \* indicates an uncommon, unusual, or exceptional spelling.)*

*Say the words. Tell their meanings and/or use them in sentences.*

*Can you tell the number of the vowel sound-symbol for the other words in each box? Can you tell their meanings and/or use them correctly in phrases or sentences?*

**COMPARING CONSONANT SOUNDS:** Pronounce each pair of words. Write *S* on the line if the underlined letters make the same sound or sounds. (A star \* indicates an exceptional spelling.) Write *D* if they produce different sounds. Tell the meanings of the words and/or use them in sentences. Tell other words with the same sound or sounds and the same letter or letters in the same position. Can you tell words with the same sound but different letters or the same letter but different sounds in initial, medial, or final positions?
